

Dear friends and business partners,

The recent months characterized by the global COVID 19 pandemic will go down in history as an extraordinary and challenging time, pervaded by great uncertainty, drastic restrictions, and hardship. We now see a light at the end of the tunnel. And it's getting brighter. Even though we haven't yet fully overcome the pandemic, we can still sense – despite a few remaining challenges – an unmistakable spirit of optimism.

*Those who act while others are still talking are a great step ahead in life.  
(John F. Kennedy)*

In this sense and spirit, and as a sign of emergence, we have decided to redesign our company logo. The modern slender logo is a symbolic reflection of our guiding principles: *Quality – Innovation – Service*.

We wish you, your families, and your staff all the best, and the best of health.

On behalf of senior management of WYLER AG,

Heinz Hinnen  
CEO
