Winterthur, Switzerland March 18, 2020

Dear business partners and friends

In response to the Corona virus crisis, the Swiss federal government has enacted a national state of emergency. We are therefore required to implement the prescribed measures throughout the company.

We hereby wish to inform you of our current situation.

1. Our production continues to run smoothly, and we are currently in the fortunate situation of being able to meet all delivery obligations with the usual quality standards.
2. Moreover, we continue to be available via telephone at +41 52 233 66 66 and by email at: wyler@wylerag.com.
3. Unfortunately, the company site remains closed to visitors, save for exceptional cases.

These are turbulent times, and there is a great deal of uncertainty around the globe. It is important to us to protect the health of our employees through the measures instituted, and also to continue serving our business partners reliably.

We wish you, your families, and your staff all the best.

WYLER AG

Heinz Hinnen
President of the Board of Directors WYLER AG
